

## Special for Themed Energy®

### Energy

- The world's largest energy market  
conference
- International Energy Week  
in Amsterdam
- Energy in a global context: global  
market, energy supply, resources
- New knowledge and insights  
through energy
- Energy in the development of the  
2030's world
- Energy in the future
- Energy in the context of the  
UN Sustainable Goals
- The role of energy in the  
transition to a low carbon  
economy
- The role of energy in the  
transition to a circular  
economy
- Energy in the context of the  
SDG's
- Energy in the context of the  
SDG's
- Energy in the context of the  
SDG's
- Energy in the context of the  
SDG's
- Energy in the context of the  
SDG's
- Energy in the context of the  
SDG's

# InnovaSonic 2017

### Energy

Energy is the lifeblood of our economy. It powers our homes, businesses, and industries. As we move towards a more sustainable future, it's crucial to understand the energy landscape of tomorrow. This conference will explore the latest trends and innovations in the energy sector, from renewable energy to smart grids. Join us to gain insights from industry leaders and discover the opportunities that lie ahead.
