

"INTELLIGENT" PRESSURE AND LEVEL TRANSMITTERS "All Stainless Steel"

Series 9000

- All stainless steel
- High accuracy (0.1% full scale non-linearity, 0.1% hysteresis)
- Accuracy: 0.1% FS @ 1500
- Temperature: 0-100°C
- Output: 4-20mA, 0-5VDC
- All stainless steel pressure transmitter
- All stainless steel level transmitter **HART**™

Description

The 9000 is a stainless steel transmitter used to measure and control pressure, level and temperature. It is designed with a stainless steel body, stainless steel diaphragm, and stainless steel process connection. The 9000 is available in two models: 9000-1 and 9000-2. The 9000-1 is a pressure transmitter and the 9000-2 is a level transmitter. Both models are available in two output options: 4-20mA and 0-5VDC. For more information, please visit our website at www.hart.com.
