

Level Sensor with M12 Thread Hygienic

Application Advantages

High accuracy, 0.1 mm resolution, measuring range 0 to 1000 mm, stainless steel housing, 100% cleanability, hygienic design, 100% stainless steel, stainless steel M12 and G1/2 thread, IP69K, stainless steel, 100% cleanability

Application Examples

- Food processing, e.g. filling, mixing, blending, etc.
- Pharmaceutical production, e.g. filling, mixing, blending, etc.
- Chemical production, e.g. filling, mixing, blending, etc.
- Biotechnology, e.g. filling, mixing, blending, etc.
- Food processing, e.g. filling, mixing, blending, etc.

Application Advantages

- High accuracy, 0.1 mm resolution, measuring range 0 to 1000 mm, stainless steel housing, 100% cleanability, hygienic design, 100% stainless steel, stainless steel M12 and G1/2 thread, IP69K, stainless steel, 100% cleanability
- High accuracy, 0.1 mm resolution, measuring range 0 to 1000 mm, stainless steel housing, 100% cleanability, hygienic design, 100% stainless steel, stainless steel M12 and G1/2 thread, IP69K, stainless steel, 100% cleanability
- High accuracy, 0.1 mm resolution, measuring range 0 to 1000 mm, stainless steel housing, 100% cleanability, hygienic design, 100% stainless steel, stainless steel M12 and G1/2 thread, IP69K, stainless steel, 100% cleanability

Application Advantages

- High accuracy, 0.1 mm resolution, measuring range 0 to 1000 mm, stainless steel housing, 100% cleanability, hygienic design, 100% stainless steel, stainless steel M12 and G1/2 thread, IP69K, stainless steel, 100% cleanability
- High accuracy, 0.1 mm resolution, measuring range 0 to 1000 mm, stainless steel housing, 100% cleanability, hygienic design, 100% stainless steel, stainless steel M12 and G1/2 thread, IP69K, stainless steel, 100% cleanability
- High accuracy, 0.1 mm resolution, measuring range 0 to 1000 mm, stainless steel housing, 100% cleanability, hygienic design, 100% stainless steel, stainless steel M12 and G1/2 thread, IP69K, stainless steel, 100% cleanability

Application Advantages

- High accuracy, 0.1 mm resolution, measuring range 0 to 1000 mm, stainless steel housing, 100% cleanability, hygienic design, 100% stainless steel, stainless steel M12 and G1/2 thread, IP69K, stainless steel, 100% cleanability
- High accuracy, 0.1 mm resolution, measuring range 0 to 1000 mm, stainless steel housing, 100% cleanability, hygienic design, 100% stainless steel, stainless steel M12 and G1/2 thread, IP69K, stainless steel, 100% cleanability

Application Advantages

- High accuracy, 0.1 mm resolution, measuring range 0 to 1000 mm, stainless steel housing, 100% cleanability, hygienic design, 100% stainless steel, stainless steel M12 and G1/2 thread, IP69K, stainless steel, 100% cleanability
